

# Eagle Scout Project

I (Carlos Hernandez) will begin the first day of work on my Eagle Scout Project this Saturday (June 23<sup>rd</sup>).

We will begin the legwork for the construction of the bridge that is my project. This work day will consist of:

- Digging post holes for the four support beams for the bridge, and for the concrete anchor pads
- Mixing a small amount of concrete
- Pouring of concrete piers into the post holes

I request you bring:

- Shovels

- Work gloves

We will begin work on the project at **8:00 AM**
